

Data Visualization using Chart.js

Chart.js (<https://www.chartjs.org/>) is a free JavaScript library for data visualization, which allows you to create interactive charts and graphs using the HTML5 canvas element. It was released in 2013. The latest version (4) was released in 2022. Chart.js can create area, bar, bubble, donut, line, pie, radar, polar, and scatter charts.

Chart.js is licensed under the MIT license (<https://github.com/chartjs/Chart.js/blob/master/LICENSE.md>)

These samples were created using version 3.9.1.

Bar Chart
